

TL SERIES LED Stop & Go Traffic Lights

iControls proudly manufactures a variety of advanced LED signalling devices suitable for loading docks, bays, gates, parking garages, weigh scales, toll booths and other locations where reliable traffic control is required.

Features

Reliable Brightness

The TL Series of LED Stop & Go lights are simply the brightest available on the market. They boast ultra-bright high-efficiency LEDs that are amplified by optical LED lenses. These lights can be seen in all conditions including direct sunlight.

Long Lifespan

The low voltage units, with a wide input range of 12-24 Vac/dc or 110-130Vac, feature on-board power supplies. As a result, they generate constant, consistent brightness that's not affected by fluctuating supply voltages.

Weather Resistant

TL Series of lights are manufactured with housing materials designed to withstand all weather conditions including long sun and rain exposure. The TL96 models are completely gasketed and waterproof. The TL24's boards are coated in a water-resistant polymer.

Low Profile

All of the TL Series lights are designed to mount discretely to the wall to avoid any accidental impact. The TL96 have only 3" of depth, while the TL24 model extend just over 1" from the wall. Its narrow profile also allows it to fit into some the tightest of spaces possible.

Warranty

All TL Series lights feature a 3-year warranty against manufacturing defects.

Ordering Information

Model	Description	Part Number	Approximate Dimensions	
TL96 LED Stop & Go Light	12-24Vac/dc, Yellow Housing	TL96-LV-YL	TL96	10" x 5" x 3"
TL96 LED Stop & Go Light	12-24Vac/dc, Black Housing	TL96-LV-BK	TL24	24 3/8" x 1 1/2" x 1"
TL96 LED Stop & Go Light	110-130Vac, Yellow Housing	TL96-HV-YL	Power Consumption	
TL96 LED Stop & Go Light	110-130Vac, Black Housing	TL96-HV-BK		
TL96 LED Stop & Go Light	220Vac, Yellow Housing	TL96-EV-YL	TL96-LV, TL24	12V: 140 mA, 24V: 70 mA
TL96 LED Stop & Go Light	220Vac, Black Housing	TL96-EV-BK	TL96-HV	120V: 30 mA
TL24 Narrow LED Stop & Go Light	12-24Vac/dc, Black Housing	TL24-LV
